

CANDIDA FREEDOM[®]

Suggested Use:

- Pull douche stem out of bulb and wash both with warm soapy water and rinse.
- Add 8 oz of warm water into bulb. Open (1) one capsule of Candida Freedom into water. Connect stem and shake well.
- Gently insert stem into your vagina, no more than 3 inches. Squeeze slowly until bulb is empty. Douching solution should flow freely out of vagina.
- Use while standing in the shower or tub or while on the toilet.
- Rinse device well with warm soapy water and allow to air dry.
- May be used once daily or as directed by your health care provider.

CANDIDA FREEDOM[®] Probiotic Douche 7 Applications

May support a healthy balance of proper pH and friendly vaginal bacteria.*

- This product is free of: fragrance, essential oils, vinegar, dyes and preservatives.
- Bulb and stem are made of USP Class II medical-grade PVC. NO rubber, latex or plastic.
- The bulb is a solid one piece construction which prevents bacteria from forming inside.
- The douche device is reusable and will essentially last a lifetime.
